

MISSA 2024

WEEK TWO (5-day): **July 22-26**

Throwing and Altering Clay Vessels

CONNER BURNS

Student Supply List

- Clay
- Any hand tools you normally use. I will specifically use a twisted wire tool, needle tool, sponge, paddle, a 'wipe out tool/rubber tipped tool, wood cut off tool (kemper wt4), lil chizler, dolan trimming tools (dpt 512 & 511), kemper trimming tool (r4), an exacto knife, a fettling knife, a small wire (twist tie works), wood rib for interior of bowls, and mud tools (stainless rib 5 & 4, scraper any size, polymer - red 1 & 5, blue or green 0, yellow 2 or 4). none of these are required, bring what you like to use.
- towel - it is always nice to have a towel during the process.
- spray bottle - for water. your choice - can be small. not required but nice.
- pen and paper - for taking notes and for tracing - size unimportant.

OPTIONAL items to bring:

- anything specific to your process that you enjoy using.
- if you are local and have room bring some ware boards (to use during class and for transport back - it will make sense in class) as well as some of your bats (again for transport) please bring some for your use.
- if you are a person that makes tools, please bring some, we would like to see them.

INSTRUCTOR COMMENTS:

- We will be flexible and make things work, that is often how we learn.
- Feel free to email me with questions. My demonstrations and teaching will focus on some specific things that are related to the class and the progression of the class/artwork, but there is some flexibility so if there is a form i make that you really want to see - let me know. i cannot promise to make one (some are complex and might take too long), but i will do what i can.

Students, please contact your instructor directly if you have any questions about the supplies listed.
